

# **YELLOW MEANS CAUTION ON AND OFF THE RACETRACK**

**A yellow flag signals caution on the track. It also signals caution in your yard.**

Yellow utility flags on your lawn mark the approximate location of buried gas or oil pipelines. There are more than 19 million miles of underground utility lines in the U.S. Always call 811 before digging to have buried lines marked with flags or paint so you can keep yourself and your neighbors safe and connected to critical electric, cable, gas, water and other services.
